Apply in concern to : Web Developer/Solution Architect/Senior Software Engineer/System Analyst

Dear Hiring Executive,

Throughout my career, I have contributed to positive business results through effective organization, prioritization, & follow through of key organizational projects. My strengths & experience are an ideal match to the IT industries requirements & will bring immediate value to them.

In my current Full Stack Web Developer role, I exercise a calculated & methodical approach to problem solving. While I am independently motivated, I appreciate collective efforts & collaborate productively within group settings. Moreover, I am competent in application design & architecture with proficiency in Amazon cloud platform.

I expect, mentioned opportunity is especially exciting as my professional goals align with company's mission & values. Further, my management, motivation, & decision-making abilities will serve to support your continued organizational efforts.

To illustrate the scope of my career history & professional competencies, please take a moment to review my enclosed resume. I am grateful for your evaluation of my credentials & subsequent response.

I am looking for new challenges & career advancement. Your discretion during this process is much appreciated.

Sincerely,
Siddharth Gaur
